science windows international school

i studied normal subjects from 2018 to 2020

EXPERIENCE

coding kids
online

2020-2021

Iwell, here I started doing a lot of projects like some of them are games and some were about doing projects with some micro controller called micro bit and I used to do some cool projects with the free Nove rover car.

apex centre
Lebanon
2022 - 2023

At this place I started developing my skills more than I expected, and I learned 2 programming languages. and I made my own portable game boy. on my own

Lebanon
2023 - 2024

well after that I started learning more coding languages and I learned CSS, HTML, java, java script and I did my first website and did some more.

EDUCATION

planets international school

i studied Newton laws skills of English and french
